 - PM Activity | Kayaking (*potential skill split*)
 - Leadership
 - Team Building
- 4.30-5.00p | Camp pick up

Campers will participate in a variety of activities during the week, some of which they may get to try more than once. Counselors will be following a pre-determined schedule of activities each day. The schedule can change throughout the day and week due to many circumstances including weather. If a group misses an activity due to weather, we will try to reschedule the activity later in the week. However, this is not guaranteed. For a full list of the activities, please refer to the summer camp page of our website.

Challenge by Choice – Our activities are “challenge by choice”, which means we will not make your child do any activity they do not wish to attempt; however, we will encourage them to try. If your camper is very interested in advancing her level of ability, we advise you to register them for additional programs including our Green River Racing Club. If your child does not feel comfortable, we will do our best to have them participate in another activity with another group
